

## APPLICATION FORM

DocksTheFuture is a voluntary cooperative Network of Excellence **gathering the most innovative ports willing** to team up and take actions to support the maritime community **achieving the UN 2030 Sustainable Development Goals**, using the opportunities given by International and funding programmes such as the one set by the EU Green Deal.

The.....  
endorses the activity of the Network, shares its purpose and is committed to give concrete contributions to accelerate the shift to a sustainable and smart mobility, to achieve a 90% reduction in transport emissions by 2050.

Specifically, joining the DocksTheFuture Network of Excellence,  
the..... will:

- appoint contact persons in its organisation for each of the areas mentioned below and an overall coordinator to be in touch with the Network organisation
- exchange information and best practices related to the shared main themes through the tools provided by the Network
- take part on regular basis in the activities organised by the Network and promote them via its channels
- propose and promote relevant activities and events within the Network framework
- commit its organisation, when possible and relevant, to develop collaborative projects with other Members
- promote its membership by putting the Network of Excellence banner on its website and the logo on its promotional materials
- send out a press release announcing the membership and send it to be published on dockthefuture.eu

**There is neither joining fee nor administrative obligations.**
